About real estate

There is also a hallway from which one enters a large bedroom with shower and sink, a separate toilet with sink and a small laundry room with water heater. Upstairs there are three bedrooms and two large bathrooms with toilet, shower and washbasin. There is a large outdoor pool and a large partially covered terrace where there is a seating area. The villa has four reserved parking spaces.

Air conditioning is a matter of course. Orientation NE-SW. The construction of the building is reinforced concrete. Year of construction: 2019.

The villa is only 150 meters from the sea. Thanks to the Mediterranean climate, residents can enjoy a rich world of flora and fauna. Here you will find plenty of opportunities for recreational activities. Pasman is located in the Zadar archipelago, separated from Zadar and Biograd by the picturesque Pasman Channel. Pasman is connected to the island of Ugljan by a bridge in the Ždrelac Channel. You can also use the ferry connection between Biograd and Zadar on the island of Pašman or Preko - Gaženice (Zadar) on the island of Ugljan.
