About real estate

We are offering for sale modern apartments in the newly developed residential complex 1WOOD, located in the prestigious Jumeirah Village Circle (JVC) in Dubai. This unique project offers comfortable and quality living in the heart of Dubai.

1WOOD is an 18-storey residential complex that combines modern design and natural elements. The project includes fully furnished apartments with different layouts. Each apartment is equipped with European furniture and appliances of the highest quality. The developer has placed emphasis on finishes and the use of quality materials to create a harmonious and stylish interior. The kitchen is equipped with appliances of European brands that meet all the requirements of modern living.

The project has spacious co-working and multifunctional public spaces, a 4 storey parking garage and a swimming pool for children and adults. 1WOOD also offers a range of services including supermarkets, restaurants, cafes and gyms.

One of the aims of the project is to connect metropolitan living with nature. Thus, the residence is dominated by wood textures in both exterior and interior design and also features mature trees.

Jumeirah Village Circle (JVC), where the project is located, is a residential development in the heart of Dubai. The area is designed to provide a peaceful and family-friendly environment with plenty of greenery, parks and playgrounds for children. The community is also equipped with a range of facilities including supermarkets, restaurants, cafes and gyms.

Dubai's main thoroughfares, Mohammed Bin Zayed Road, Barsha Road and Al Khail Road, can be reached very quickly from Jumeirah Village Circle. The area is ideal for those who want to live close to Dubai Marina or Dubai Internet City.

We can introduce you to the full range on request. You will be guided around Dubai by an English speaking broker.

The project is scheduled for completion in Q3 2025.
