About real estate

Introducing the new Fairmont Residences Dubai Skyline, a skyscraper combining luxury and elegance in the heart of Dubai. Located just off the famous Sheikh Zayed Road, this exclusive project offers not only direct views of the Burj Khalifa, Burj Al Arab, Palm Jumeirah, Ain Dubai and the Arabian Sea, but also excellent connections to the heart of the metropolis. The complex will offer luxuriously appointed 2 bedroom and 3 bedroom apartments, each with breathtaking views of vibrant Dubai.

The project was designed by world-renowned architect Kristina Zanic, who places great emphasis on the combination of luxury and interior comfort. You will find high quality flooring, built-in wardrobes, floor-to-ceiling windows, large bedrooms, luxurious bathrooms, bathtubs, showers and accent lighting.

Residence owners can enjoy an array of exclusive amenities, including an event lounge, screening room, indoor pool, fitness center, or children's playroom and clubhouse. Essential services include a residential concierge, doorman, valet, security services and many more. According to the resident's wishes, there is the option of À La Carte service, which offers the client, for example, shopping services, a personal chef, a trainer, or an assistant.

The project's strategic location in close proximity to Sheikh Zayed Road allows easy access to Dubai's most sought-after attractions, including Burj Khalifa, Dubai Opera, and the famous Dubai Mall. Also in close proximity is Business Bay, a dynamic business district with a myriad of business and leisure opportunities. A wide range of gourmet restaurants, stylish cafes and exclusive boutiques can be found around the residence. For nature lovers and active lifestyle enthusiasts, there are a number of parks and recreational areas such as Safa Park and Jumeirah Beach, offering the perfect place to unwind and relax.

The residence has excellent transport links with quick access to major thoroughfares and a metro station. This convenient location ensures that residents can easily enjoy all that the dynamic city of Dubai has to offer, while enjoying the comfort and luxury of their home at Fairmont Residences Dubai Skyline.

For more information on this unique project and apartment availability, please contact us. You will be guided through Dubai by an English-speaking broker who will ensure everything you need for a seamless transition into your new home.

The project is scheduled for completion in Q1 2025.
