Energy performance of the building	G - Extremely uneconomical	Floor	13th floor
Device	Yes	Balcony	18 m ²
Lift	Yes	Year of construction	2028

About real estate

We are offering for sale a 3+kk apartment with a usable area of 102.75 m², a total floor area of 121.1 m² and a spacious balcony measuring 18.35 m² in the modern Wynwood Horizon project, which is being built in the prestigious Meydan location. This exceptional residential project by Imtiaz Developments represents a contemporary interpretation of urban living with an emphasis on light, generous space, and functionality for everyday life.

The unit itself is designed with family comfort and a representative character in mind. The open living area with kitchen and dining area forms the natural center of the apartment and flows seamlessly into the spacious balcony, which offers plenty of space for outdoor seating and relaxation. Two separate bedrooms provide privacy and tranquility, while the layout supports the practical separation of day and night zones. Large floor-to-ceiling windows ensure maximum daylight and emphasize the airiness of the interior. The materials and finishing elements used were selected with an emphasis on quality, durability, and timeless aesthetics.

Residents of the project have access to premium amenities including a modern fitness center, swimming pool, children's playground, outdoor lounge areas, and BBQ facilities. The common areas are designed to promote community life, relaxation, and active leisure.

The project's strategic location allows quick access to Downtown Dubai and Business Bay, direct connection to the Dubai-Al Ain Highway, and, in the future, convenient access to the planned metro line. The upper floors offer inspiring views of the Ras Al Khor Wildlife Sanctuary, which provides a unique contrast between the dynamics of the city and the tranquility of nature.

Wynwood Horizon is part of the broader Meydan master plan, which combines residential and recreational environments with pristine lagoons, greenery, and promenades. The project is scheduled for completion in May 2028, making this unit an attractive opportunity for comfortable family living and a long-term investment in a prestigious Dubai address.
