About real estate

We offer for sale two exclusive 4+kk or 5+kk chalets in modern alpine style, located on an idyllic sunny hill in St. Johann in Tirol. These newly built chalets with a total living/usable area of approx. 250 sqm boast not only exceptional views of the surrounding mountain world and three picturesque scenic ponds, but also a quiet location. The centre of picturesque St. Johann is within walking distance within a few minutes.

Entering the ground floor of each chalet reveals a spacious hallway with a cloakroom. This floor offers three bedrooms, two of which share a bathroom with shower, while the master bedroom has its own bathroom equipped with both a bath and a shower. All bathrooms are flooded with plenty of natural light and the bedrooms have direct access to the terraces and garden.

At the heart of the house, which is the upper floor, there is a living room with exposed rafters, an elegant open kitchen and a fireplace. A storage room and a toilet complete the comfort here. The south-east-facing balconies of approx. 20 sqm offer breathtaking views of the Loferer Steinberge and the Kitzbühel corner, while the second balcony, which is oriented to the north-west, serves as an ideal place for afternoon relaxation.

In the basement there is a sauna/wellness area with shower, toilet and wine cellar, which can also be converted into a fourth bedroom if required. Each chalet is made of the finest materials and equipped with furniture and appliances from leading manufacturers such as Bora, Klafs, Miele, Siemens, Joop and others. The chalets are fully furnished. The chalets are equipped with underfloor heating and are also heated by an eco-friendly air-source heat pump.

On the plots of approximately 503 sqm for each chalet there are two carport parking spaces.
