## About real estate

We are offering for sale an attractive building plot of 714 m<sup>2</sup>, located on the northern side of the island of Brač, in a planned residential zone with newly built villas. This micro-location is highly valued for its quality infrastructure, peaceful surroundings, and proximity to the sea — the beaches are approximately 200 meters away.

The plot offers a beautiful sea view and is directly connected to all essential utilities, which significantly facilitates the construction process. The local zoning plan allows for the construction of a family villa or a smaller apartment building, making this an excellent opportunity for private residential use or investment in tourist rentals.

The area provides full amenities — restaurants, shops, cafés — and has excellent connections to the mainland via regular ferry service to Split. The island of Brač is one of the most sought-after destinations on the Croatian Adriatic, known for its stunning natural beauty, crystal-clear sea, and relaxed Mediterranean atmosphere.
